SUMMARY

8+ years of experience in financial operations including forecasting, variance analysis, reconciliation, cost control/management reporting, and internal controls.

Experienced in interpreting financial trends, investigating discrepancies, and communicating insights to business partners to support decision-making. Holds a degree in Accounting and currently developing data analytics and AI capabilities, including Power BI, SQL, Tableau, and Python, to build on an established finance foundation and contribute to data-driven business solutions. I bring on enterprise-systems exposure, process documentation experience, and a collaborative, detail-oriented approach.

COMPETENCIES

- Financial Data Analysis & Reporting • Budgeting & Forecasting • Variance & Trend Analysis
- Reconciliation & Data Validation • Cost Control • Financial Controls & Compliance • Stakeholder
- Communication • Process Monitoring • Process Documentation

WORK EXPERIENCE

World Financial Group Insurance Agency of Canada Inc (WFGIAC)

Financial & Retirement Consultant **2023 – Till Date**

FINANCIAL NEEDS ANALYSIS

Conducts personalized financial assessments, helping individuals and families save $50K+ in taxes and high-interest debt through tax-efficient investments and insurance solutions.

RISK MANAGEMENT & INSURANCE OPTIMIZATION

Secured life, critical illness, and disability insurance for clients, ensuring financial protection and preventing potential loss of assets during emergencies.

DEBT MANAGEMENT & FINANCIAL LITERACY AWARENESS

Helped clients eliminate $20K+ in high-interest debt through budgeting, credit optimization, and structured repayment plans.

TD BANK GROUP, Dieppe NB **Jan 2019-Feb 2023**

Large North American Bank with a head office in Dieppe employing over 300 number of employees locally.

Senior Finance Operations Analyst (2021-2023)

ANALYSIS & REPORTING: Conducted analytical review of monthly and quarterly forecast vs actual, highlighting key trends and variances with detailed summary reports for Business Partners on performance outlook.

BUDGETING & FORECASTING: Developed budgets and forecasts, ensuring cost control measures were in place to monitor monthly actuals vs. forecast trends, investigating any spikes for proper validation and for forecasting and planning purposes.

STAKEHOLDER COMMUNICATION: Communicated with business partners, addressing ad-hoc queries and providing insightful commentaries on financial reports. Built strong working relationships to drive collaboration and efficiency.

LEADERSHIP: Provided support and supervision to team members, ensuring alignment with documented procedures (SOPs). Collaborated with new team members to facilitate their integration and provided ongoing support.

Finance Operations Analyst (2019-2021)

FINANCIAL INFORMATION: Prepared supplemental financial information on a quarterly and annual basis for the US Retail segment.

TAX MAINTENANCE AND RECONCILIATION: Maintained and reconciled US retail tax reported between management reporting and financial reporting to ensure accurate tax adjustments for each reporting month as a result tax rates differentials.

PROCESS MONITORING AND CONTROL: Monitored and conducted key controls to address issues and/or gaps in segment processes to ensure SLAs are met timely.

TRAINING AND SUPPORT: Worked with new team members to bring them up to speed with their new roles and continue to provide support & supervision on their day-to-day tasks for effective checks and controls as documented in procedures.
